### CERTIFICATION

---

**UDEMY**  
Figma UI UX Design Essentials

### SKILLS

---

- Wireframing
- Prototyping
- Figma Design Tool
- User Experience Testing
- Information architecture
- Usability Testing
- User Research
- HTML, CSS

### LANGUAGES

---

- English (Fluent)
- Hindi (Fluent)
- Punjabi (Fluent)

### PROFILE

---

Combining my background in software development with a newfound passion for UX Design, I'm ready to learn, grow, and create meaningful user experiences. My experience at Intel fuels my commitment to innovation and user-centric design.

### WORK EXPERIENCE

---

- **Intel / Software Developer** JULY 2021 - PRESENT

**FlexRAN** - The software provides a flexible and scalable reference architecture for virtualized radio access networks (vRAN), enabling telecom operators to deploy 5G networks with high performance and low latency on general-purpose hardware.

  - Created and implemented new features, enhancing FlexRAN's capabilities.
  - Collaborated with stakeholders to gather and translate requirements into technical specifications.
  - Identified, diagnosed, and resolved software bugs and conducted optimizations to improve efficiency and performance of FlexRAN.
  - Engaged with clients to understand their needs, provide solutions, and ensure satisfaction.
  - Contributed to the DPDK open-source community, enhancing networking performance in the FlexRAN software.

**BEVOLAKE** - A private wireless platform, contributing to CIL day 0,1,2 operations, focusing on deploying, managing, and optimizing private wireless networks for high-performance connectivity.

  - Developed and integrated new features into the BEVOLAKE platform to manage CIL day 0,1,2 operations and enhance its capabilities.
  - Diagnosed and fixed software bugs and improved system performance through targeted optimizations in the BEVOLAKE platform.
- **Innow8 Apps / Software Developer Intern** JAN - JUN 2018

**ANTIGUA** - A React-Native application that allows companies to seamlessly distribute work to employees.

  - Develop and maintain strong relationships with partners, agencies, and vendors to support marketing initiatives.
  - Monitor and maintain brand consistency across all marketing channels and materials.

### EDUCATION

---

**M.Tech. / CSE**  
IIT Guwahati - 8.41 cgpa 2019 - 2021

**B.Tech. / CSE**  
Chandigarh College of Eng. and Technology - 7.5 cgpa 2014 - 2018
